Qualification Specification

IBSL Level 3 Certificate in British Sign Language Studies

RQF Accreditation Number: 501/1347/1

IBSL Qualification Reference: IBSL3A

Qualification Aim

This qualification aims to further learners' experiences and development in communication through British Sign Language (BSL) with Deaf people on everyday topics involving work and social contexts. A Level 3 course will enable development in functional BSL communication in more depth than at Level 2, requiring the ability to exchange, present and understand information, ideas, advice and opinions at normal speed, and also develop an awareness of cultural interaction with Deaf people who use BSL.

This qualification has been developed in accordance with the National Language Standards at Level 3 (2010) and (for one unit) the National Occupational Standards for Intercultural Working (2008).

Qualification Structure

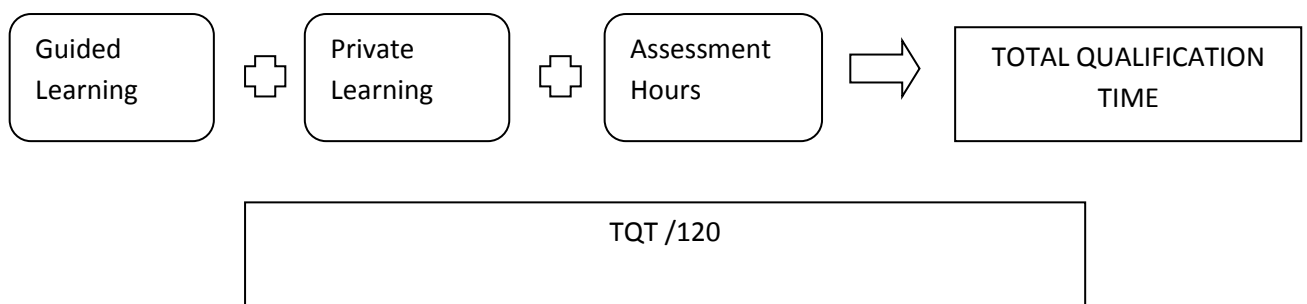

The qualification is divided into four units as follows:

IBSL3AUN: Understand Varied Signed Language in a range of work contexts	Unit Number: K/602/4404
IBSL3ASN : Sign using varied language in a range of work contexts	Unit Number: H/602/4403
IBSL3ADC : Interact with people from different countries or diverse cultures	Unit Number: R/602/4431

All three units can be achieved separately, but the full Level 3 Certificate in British Sign Language Studies can only be given if there is a PASS in each unit.

Assessment procedures are detailed on the relevant unit pages.

The Total Qualification Time is 120 hours, with a Guided Learning element of 90 hours of Guided Learning. We show below how Total Qualification Time is worked out:

Qualification Objectives

At the end of the qualification, learners will be able to:

- Understand and present information, ideas and opinions in a range of work-related and social contexts using BSL delivered at normal speed and in normally used social and work registers;
- Extract specific details and grasp overall meanings from a range of short passages in BSL delivered at normal speed and in normally used social and work registers, using varied language;
- Maintain business relationships and manage/follow uncomplicated negotiations relating to issues/concerns in your area of work delivered in BSL at normal speed and in normally used social and work registers;
- Take part in discussions relating to varied accounts, reports and instructions delivered in BSL at normal speed and in normally used social and work registers;
- Understand the main points and relevant details of news items, interviews, documentaries and social conversation delivered in BSL at normal speed and in normally used social and work registers, provided there are common interests;
- Develop interactive communication skills with Deaf people who have different cultural experiences and perspectives to your own and understand/appreciate why these differences exist;

These objectives relate to the National Occupational Standards (2010) at Level 3 as developed by CILT, plus the National Occupational Standards for Intercultural Working (2008).

Target Group

The Level 3 Certificate in BSL Studies is suitable for those who:

- Wish to acquire varied British Sign Language skills at normal speed and in normally used social and work registers for the purpose of working or interacting with Deaf people on a daily or regular basis;
- Need to acquire varied BSL skills as part of a programme of study or professional development;
- Are studying for personal development with a view to future employment;
- Wish to progress from the Level 2 Certificate;

The qualification is also suitable for Deaf people wishing to acquire a qualification in their own language to meet with the requirements of the Tariff of Qualifications (ITT) as an approved qualification at Level 3 for evidencing personal literacy skills in order to gain QTLS.

Entry Requirements

It is recommended that entrants should have the Level 2 Certificate in BSL Studies before embarking on the Level 3 Certificate programme.

Progression Routes

Upon completion of this qualification, learners may progress to the following qualifications:

Level 4 BSL Studies

Assessment Guidelines

In a naturally occurring context, the best way to use and learn British Sign Language (BSL) is through conversation and discussion with one or more users of the language where straightforward and informal social interaction is the norm. This means learners should be meeting people and being able to understand and sign a range of varied BSL at normal speed. The interaction can be carried forward into uncomplicated, brief business negotiations within your area of work or in a social business context (i.e. negotiating a holiday booking or querying a domestic bill).

In the naturally occurring context, this also means that you can understand straightforward news items that might be delivered in BSL; understand the main context and detail of documentaries or stories told in BSL. You will also be able to take part in brief, uncomplicated interviews.

Within the interacting context, learners will be expected to understand and follow BSL conventions within their conversations and discussions, and be able to explain if need be the cultural background in dealing with a range of varied BSL language and different types of people that use the language.

It is not expected that any learner should do formal presentations at this stage, but learners should be able to follow and sign brief instructions, i.e. understanding/telling people what to do in the event of a fire or as an event participant/organiser, understand details of what will be happening at the event/signing details of the event's programme.

Good teaching practice would be to work through all units at the same time, covering all the issues in a global context.

IBSL's aim is to minimise the amount of paperwork needed to claim the qualification, but it is unavoidable that some paperwork will have to be used. Learners are allowed to use e-files if they so wish. Evidence will be collected in the following ways:

- A receptive skills assessment either in DVD format (currently used) or in e-assessment format (planned future use)
- A small number (no more than 3) of conversations and discussions will be recorded and marked by your teacher-assessor and the relevant mark sheets, plus video-recorded evidence, stored in a coursework file (or an *e-file* maintained electronically);
- One oral (i.e. signed) question and answer paper will be set to cover knowledge topics in one or more units – this should also be filmed;
- A 'live' assessment to be taken in the presence of an external Examiner from IBSL.

All the evidences, apart from the 'live' assessment, will be collected into a simple coursework file (or *e-file* if preferred).

(RQF unit accreditation number: K/602/4404)

Unit Summary and Assessment Criteria

The aim of this unit is to enable learners to understand information, ideas and opinions expressed in a varied range of work-related and social contexts including specific details to grasp overall meaning from a range of short passages signed at normal speed and in normally used social and work registers.

Relevance to National Standards

This qualification relates to U3 of the National Occupational Standards for Languages (CILT, 2010), and is at Level 3 on the Regulated Qualification Framework. These standards are equivalent to Modern Foreign Languages at AS and A2 level and Level B2 of the Common European Framework, and the Higher level on the Scottish Qualifications Framework (Level 6).

Explanation of work contexts

Although the title refers to work contexts, the content and assessment criteria provide learners with opportunities to incorporate evidence from a wide range of contexts, including social contexts and social interaction.

Topics and Content: Mandatory

- **Meeting people through social interaction** (Areas to be covered in this category include introductions, greetings, thanks, leave-taking, cultural conventions, feelings/needs/preferences, humour, regional differences, and opinions).
- **Work-related, school and/or college** (following enquiries/requests/instructions and recognising their urgency/priority, distinguishing between formal and informal language, recognising key work-related vocabulary, distinguishing opinion from facts).
- **Timeframes** (recognising different aspects of an event in time, showing continuation, continuity and frequency, using time sequences in the past, present, future or conditional).
- **Vocabulary, knowledge and understanding** (learners are expected to develop a broad range of vocabulary from more than one topic area and understand others on a wide range of issues, sufficient and appropriate for the qualification at Level 3; learners are expected to demonstrate through their evidence samples appropriate knowledge and understanding rules, which are not assessed separately).
- **Topic areas** (It is not the intention of IBSL to enforced a wide spectrum of topics, but the following areas will be expected to be covered - employment, including job roles, details of normal day-to-day activities, details of company and personnel structures, training and learning; educational activities; home and leisure, including daily routines, holidays, hobbies, types of housing and utilities used; food and drink, including allergies, eating out, dislikes and likes; routine news items such as general elections and general political issues like the Budget, tax or benefit changes, natural disasters, weather. The aim here is to provide sufficient day-to-day, uncomplicated sources of vocabulary through which learners can maintain business and social negotiations/conversations/discussions).

Comprehension Skills (Mandatory)

- Learners should demonstrate they can demonstrate their knowledge and understanding of varied BSL in everyday situations including specific details about personal, social or work circumstances/activities, and respond to short passages or information presented in BSL showing understanding of meaning and content

There shall be three assessments forming part of IBSL3AUN.

The first (titled IBSL3.1) will be through video-recording consisting of a narrative signed in BSL, and consisting of questions that test learners' receptive skills and ability to understand and demonstrate ideas and opinion. The recording will run for approximately 10-12 minutes and cannot be stopped or replayed.

The question paper will include 12 questions that require an answer.

Only an invigilator and learners will be allowed in the assessment room.

After completion of the assessment, the invigilator will be required to complete the Application for Achievement form which must be sent to IBSL. The Centre should retain a copy in a safe place as required by the Assessment Regulations.

IBSL will produce a mark sheet giving the achievement of the learner, which should be inserted in the coursework file (or *e-file*) as evidence of their achievement. Re-sits for this part of the assessment are available upon application to IBSL if required.

The second assessment (titled IBSL 3.3) will take the form of a Teacher-Assessor and Learner video-recorded dialogue lasting approximately 10-15 minutes during which they will have a conversation/discussion of the Learner's own choice. During this dialogue, the Learner is expected to demonstrate as much of the Knowledge & Understanding criteria as possible, and also the assessment criteria on pages 7 & 8

After the assessment, the Teacher-Assessor will give the Learner a Mark sheet which should be inserted into the learner's coursework file (or *e-file*) as evidence of their achievement, together with the video-recorded assessment (either on DVD/USB or electronically in the e-file). The Mark Sheet must be dated and signed by both the Teacher-Assessor and the Learner. This assessment is a **joint assessment** that is also used to produce evidence for IBSL3ASN.

The third assessment (titled IBSL 3.6) will take the form of a 'live' assessment in the presence of an External Examiner. This is also a **joint assessment** with Unit IBSL3ASAN and will involve a group of Learners together the Teacher-Assessor in the form of a social interaction lasting approximately 15 - 20 minutes. This assessment will be marked by the External Examiner. The social interaction will be learner-led. The social interaction situation(s) will be decided by IBSL about 6 weeks before the assessment.

ASSESSMENT REGULATIONS

1. Registration of Learners

Registration of learners for this unit, together with the appropriate fees, will be required at the start of the programme, using the Learner Registration form provided on IBSL's Online Portal. The Learner Registration form must show the Learner's date of birth, and the anticipated date of the first assessment. Centres are responsible for obtaining Learner ULNs (unique learner numbers). IBSL is unable to process registration of Learners without the ULN of each (SCN in Scotland).

Centres authorised by IBSL to pay by invoices may register their Learners online as appropriate.

2. Acknowledgement of Learner Registration

Upon receipt of the Learner Registration Form(s), IBSL will send to the appropriate paperwork and Application for Achievement forms.

Additional learners may be registered for the Unit after this point upon payment of the Late Entry fee as stated in the Fees Policy. Any Learner not completing the unit forfeits their fee.

3. Reasonable Adjustments

Centres that request a reasonable adjustment on behalf of their Learner(s) should complete a Reasonable Adjustment form (a copy of this can be found on IBSL's Online Portal) and returned to IBSL with the Learner Registration Form. IBSL will contact the Centre within two weeks to advise whether the request has been approved, and how the assessment may be carried out.

4. Invigilator

It is the responsibility of Centres to appoint a suitably qualified invigilator to oversee and co-ordinate the assessment (part one of the assessment process), ensuring that they are briefed and familiar with IBSL's regulations for external assessments.

5. Carrying out assessments

All assessments must be carried out under appropriate 'examination conditions' and no Learner must receive help from anyone during the assessment. The assessment invigilator and the Teacher-Assessor must sign the appropriate Learner Assessment Record form to confirm this.

All assessments are carried out at a time agreed by the Centre, the Learner and IBSL, and each Learner must identify them at the start of the assessment in the appropriate place.

6. The assessment room

'Examination conditions' mean that the assessment room:

- Must be identified by an appropriate sign outside the room;
- Must not contain displays of material which could assist the Learner;
- Must be set up correctly for each assessment, taking into account the lighting, the background and the position of the participants.

'Examination conditions' also mean that during e-assessments:

- Mobile telephones must be switched off;
- Each learners' ID must be confirmed;
- All unauthorised items/materials/belongings are placed out of reach of the learners;
- Learners are informed they are subject to the rules of the assessment;
- Invigilators must operate and initiate the e-assessment equipment themselves;
- Invigilators must ensure that the e-assessment material is not paused or re-wound at any stage of the assessment;
- Learners are supervised throughout the assessment;
- There is no distraction or disturbance during the assessment.

During Teacher-Assessor and Learner assessments, the following apply:

- Mobile telephones must be switched off;
- Each learners' ID must be confirmed;
- All unauthorised items/materials/belongings are placed out of reach of the learners;
- Learners are informed they are subject to the rules of the assessment;
- Teacher-Assessors must operate and initiate the assessment equipment themselves;
- Teacher-Assessors must ensure that the recording is not paused or re-wound at any stage of the assessment;
- There is no distraction or disturbance during the assessment.

During 'live' assessments in the presence of the External Examiner, the following apply:

- Mobile telephones must be switched off;
- Each learners' ID must be confirmed;
- All unauthorised items/materials/belongings are placed out of reach of the learners;
- Learners are informed they are subject to the rules of the assessment;
- Teacher-Assessors must operate and initiate the assessment equipment themselves;
- The recording may not be paused or re-wound at any stage of the assessment;
- There is no distraction or disturbance during the assessment;
- The external Examiner shall have no involvement in the operation of recording equipment.

7. Misconduct

If the invigilator or assessment co-ordinator observes any misconduct, the assessment must be stopped immediately, and complete the Misconduct Report Form (available from the IBSL Online Portal).

The time of the action must be noted, and the Learner informed of the procedure. The Application for Achievement should be annotated with a brief statement describing the incident.

8. Emergencies

If an emergency should occur, e.g. fire alarm, the assessment room must be evacuated immediately in accordance with the instructions of the appropriate authority, and a report detailing the time and date of the incident sent to IBSL.

Depending on the circumstances, the assessment may be:

- a) Resumed if there has been no breach of assessment security, or
- b) Cancelled to be rearranged at a later date or
- c) If the assessment was almost completed, a Special Consideration form should be completed on behalf of the Learner(s).

9. After the assessment

It must be ensured that the Application for Achievement form is correctly completed and that all learners have checked their names are spelt correctly, and that they have signed the form. The form is then sent to IBSL within 7 days of the assessment taking place.

10. Moderation

IBSL will carry out moderation of all assessments as appropriate, either at source in the case of Receptive skills assessments, or in the Centre during their visit for the 'live' assessments.

11. Issue of results

IBSL will issue the results of the combined assessments within 28 working days of the final assessments taking place, together with any forms or certificates for onward forwarding to the learners.

13. Appeals and retention of evidence

IBSL expects the Centre to retain all assessment material for a period of 12 months in case of any appeal, which should be done in accordance with the Appeals Policy on the website.

Unit IBSL3ASN

ASSESSMENT SPECIFICATION

There will be **THREE** assessments for this unit.

The first (titled IBSL3.2) The first assessment (titled IBSL3.2) will be conducted under controlled and supervised conditions. It will consist of material that will be supplied by IBSL and shall be a project presentation in BSL from the learner of at least 7-10 minutes duration to a small audience of **two people**, one of whom must be the teacher-assessor, in which the learner will have to express specific ideas/opinions, the general meaning of the presentation and the arguments that support the reasoning. This presentation is followed by a 3-5 minutes discussion between the three of them about issues arising from the presentation. (The total time should therefore be 10-15 Minutes).

After the assessment, the Teacher-Assessor will give the Learner a Mark sheet which should be inserted into the learner's coursework file (or *e-file*) as evidence of their achievement, together with the video-recorded assessment (either on DVD/USB or electronically in the e-file). The Mark Sheet must be dated and signed by the Teacher-Assessor.

The second (titled IBSL3.3) will take the form of a Teacher-Assessor and Learner video-recorded dialogue lasting approximately 10-15 minutes during which they will have a conversation/discussion of the Learner's choice. During this dialogue, the Learner is expected to demonstrate as much of the Knowledge & Understanding criteria as possible, and also the assessment criteria on pages 14 & 16. This is a **joint assessment** that is also used to cover evidence for IBSL3AUN.

After the assessment, the Teacher-Assessor will give the Learner a Mark sheet which should be inserted into the learner's coursework file (or *e-file*) as evidence of their achievement, together with the video-recorded assessment (either on DVD/USB or electronically in the e-file). The Mark Sheet must be dated and signed by both the Teacher-Assessor and the Learner.

The last assessment (titled 3.6) will take the form of a 'live' assessment in the presence of an external Examiner. This is a **joint assessment** with IBSL3AUN and will involve the Learner in a group of Learners with the Teacher-Assessor in the form of a social interaction lasting approximately 15-20 minutes. The assessment will be marked by the External Examiner. The social interaction will be Learner-led. The social interaction scenarios will be decided by IBSL about 6 weeks before the date of the assessment.

Unit IBSL3ADC

ASSESSMENT SPECIFICATION

There will be TWO assessments for this unit. The main assessment (**titled IBSL3.5**) will require the Learner to complete a Question paper which will be supplied by IBSL, consisting of five structured questions chosen from topics within the specification (i.e. covering learning outcomes 1 & 3, and part of learning outcome 2 relating to assessment criteria 2.2 & 2.3).

The assessment will be in the form of a 2-hour open-book session organised within the centre. Questions 1 & 10 will have multi-choice answers, and questions 11-15 will need a written answer of a minimum of 250 words and a maximum of 500 words.

Deaf Learners and others submitting a Reasonable Adjustment request form may complete the Question Paper in BSL instead of writing. In this case, each question will require a minimum of 3 minutes and a maximum of 6 minutes BSL. References and sources of quotes are necessary for this assessment to inform the assessment team where the Learner obtained the information from.

The completed written paper, or if the Learner has chosen to produce a signed answer "Paper", the video-recorded DVD/USB, should be sent to IBSL to be marked. The PASS mark will be **60%**. When marked, and if successful, a Credit Achievement sheet will be sent to the Centre for inclusion in the Learner's course work file (or *e-file*).

The second assessment (**titled IBSL3.4**), will be done at the same time as the joint assessment IBSL3.3. The assessment will relate to Assessment Criteria 2.1 a) to d) of this Unit (see page 22). The Mark Sheet for this assessment will be found in the Learner's coursework file (or *e-file*) as File No. 5 and the completed Mark Sheet should be inserted there after being signed and dated by the Teacher-Assessor. Each one of the assessment criteria 2.1 a)-d) is expected to be covered in this assessment.

ASSESSMENT REGULATIONS

1. Registration of Learners

Registration of learners for this unit, together with the appropriate fees, will be required at the start of the programme, using the Learner Registration form provided on IBSL's website. The Learner Registration form must show the Learner's date of birth, and the anticipated date of the first assessment. Centres are responsible for obtaining Learner ULNs (unique learner numbers). IBSL is unable to process registration of Learners without the ULN of each (SCN in Scotland).

Centres authorised by IBSL to pay by invoices may register their Learners online as appropriate.

2. Acknowledgement of Learner Registration

Upon receipt of the Learner Registration Form(s), IBSL will send to the appropriate paperwork and Application for Achievement forms.

Additional learners may be registered for the Unit after this point upon payment of the Late Entry fee as stated in the Fees Policy. Any Learner not completing the unit forfeits their fee.

3. Reasonable Adjustments

Centres that request a reasonable adjustment on behalf of their Learner(s) should complete a Reasonable Adjustment form (a copy of this can be found on IBSL's Online Portal) and returned to IBSL with the Learner Registration Form. IBSL will contact the Centre within two weeks to advise whether the request has been approved and how the assessment may be carried out.

4. Conducting the assessments

Unless otherwise stated, all assessments in this Unit will be carried out by the Teacher-Assessor.

5. Carrying out the written assessments

All assessments must be carried out under appropriate 'examination conditions' and no Learner must receive help from anyone during the assessment. The Invigilator must sign the appropriate Learner Assessment Record form to confirm this. All assessments are carried out at a time agreed by the Centre, the Learner and IBSL, and each Learner must identify themselves at the start of the assessment in the appropriate place.

6. The assessment room

'Examination conditions' mean that the assessment room:

- Must be identified by an appropriate sign outside the room;
- Must not contain displays of material which could assist the Learner;
- Must be set up correctly for each assessment, taking into account the lighting, the background and the position of the participants.

During the Teacher-Assessor and Learner assessments, the following apply:

- Mobile telephones must be switched off;
- Each learners' ID must be confirmed;
- All unauthorised items/materials/belongings are placed out of reach of the learners;
- Learners are informed they are subject to the rules of the assessment;
- Teacher-Assessors must operate and initiate the assessment equipment themselves;
- Teacher-Assessors must ensure that the recording is not paused or re-wound at any stage of the assessment;
- There is no distraction or disturbance during the assessment.

7. Misconduct

If the assessment co-ordinator observes any misconduct, the assessment must be stopped immediately, and complete a Misconduct Report Form (available from the IBSL website/ IBSL's Online Portal).

The time of the action must be noted, and the Learner informed of the procedure. The Application for Achievement should be annotated with a brief statement describing the incident.

8. Emergencies

If an emergency should occur, e.g. fire alarm, the assessment room must be evacuated immediately in accordance with the instructions of the appropriate authority, and a report detailing the time and date of the incident sent to IBSL.

Depending on the circumstances, the assessment may be:

- a) Resumed if there has been no breach of assessment security, or
- b) Cancelled to be rearranged at a later date or
- c) If the assessment was almost completed, a Special Consideration form should be completed on behalf of the Learner(s).

9. After the assessment

It must be ensured that the Application for Achievement form is correctly completed and that all learners have checked their names are spelt correctly, and that they have signed the form. The form is then sent to IBSL within 7 days of the assessment taking place, together with the DVD/USB or the Question & Answer paper.

10. Issue of results

IBSL will issue the results of the combined assessments within 14 working days of the final assessments taking place, together with any forms or certificates for onward forwarding to the learners.

11. Appeals and retention of evidence

IBSL expects the Centre to retain all assessment material for a period of 12 months in case of any appeal, which should be done in accordance with the Appeals Policy on the website.
